

**MOBILE SELF-LOADING CONCRETE MIXING UNIT**  
**Productivity 12.8 cubic meters/hour.**

<b>Model</b>	<b>JBC -32 W (rotating cabin 270 degrees with barrel)</b>
Barrel capacity	5.0 m <sup>3</sup>
Performance	3.2 m <sup>3</sup> /15 minutes (4 batches per hour)
Mixing barrel speed	18-21 rpm
Mixing system	Double mixing auger with reverse rotation for unloading
Transmission	ZL -280 (Powershift Transmission) 4 forward, 4 backward
Wheel formula	4x4
Tire size	12 R * 22.5
Engine	Model: YC 4 DJ 22 T -115 Diesel, turbocharged and water-cooled
Engine power	85 kW / 116 l. With.
Max. movement speed	30 km/h
Mixer joystick	One joystick for controlling basic functions
Curb weight of equipment	8 35 0 kg
Equipment dimensions (LxWxH)	7830×2680×3300 mm
<b>Air conditioner</b>	<b>Available</b>
<b>Rear view surveillance video</b>	<b>Available</b>
<b>Weighing system (Scales)</b>	<b>Available</b>
<b>Rotation of the barrel and <u>cabin together</u> by 270°</b>	<b>Available</b>
<b>Mixer tilt system for quick mixture unloading</b>	<b>Available</b>
<b>High pressure cleaner (Karcher)</b>	<b>Available</b>
<b>Vibrator on a bucket</b>	<b>Available</b>
<b>Automatic lubrication system</b>	<b>Available</b>
<b>Hydraulic and gearbox cooling system</b>	<b>And there is</b>
<b>Additional lighting</b>	<b>Available</b>
<b>Filling pump for pumping diesel fuel. fuel</b>	<b>Available</b>
